
Conflict Minerals Declaration

Section 1502 of the U.S Dodd-Frank Wall Street Reform Act of 2010

Bulgin Limited complies with the conflict minerals reporting obligations of Section 1502 of the U.S Dodd-Frank Wall Street Reform Act, which was published by Securities and Exchange Commission (SEC).

Bulgin Limited is committed to be a socially responsible organisation and among other requirements, is Conflict Free. To this end we are taking measures to work with our supply chain to ensure only “DRC Conflict Free” minerals are used.

Bulgin Limited does not purchase tin, tantalum, tungsten or gold directly from smelters or mines. Furthermore, there are multiple supply chain layers that separate us from smelters and mines from which these minerals are sourced. Consequently, we require our suppliers to determine the sources from which these minerals are sourced and periodically continue to request this information from our suppliers.

Please be assured that we are focused on providing our Customers with a Bulgin Limited Conflict Mineral declaration in accordance with the Organisation for Economic Co-operation and Development guidance. We fully understand the importance of this issue. We will continue to work with our suppliers to ensure that Bulgin Limited remains a Conflict Free supplier.
